The following instructions are to be used for assistance with the set–up and installation of equipment, accessories, and serviceable parts used on this vehicle and are not meant to replace any operating or safety procedures as outlined in the Operators Manual.

This safety symbol is used throughout these instructions to alert you to information about unsafe actions or situations, and will be followed by the word DANGER, WARNING, or CAUTION. Be Alert! Your safety and the safety of others is involved.

DANGER – indicates immediate hazards that may result in severe injury or death. WARNING – indicates unsafe actions or situations that may cause severe injury, death and/or major equipment or property damage. CAUTION – indicates unsafe actions or situations that may cause injury, and/or minor equipment or property damage.

Gas Power Auger Drive Mount Kit,
Part No. A8254A

Install Fuel Tank

1. Mount the fuel tank support (Part No. 1028500) to the mounting tabs located on the engine support plate as shown in Figure 1 (the support bracket will mount to the outside of each mount tab). Secure using the 5/16–18 x 3/4" screws and 5/16–18 nylock nuts provided in the kit.

2. Position the fuel tank onto the support bracket and secure the tank to the bracket using the tie down strap, Part No. 1028539, provided (See Fig. 1).

3. Locate the fuel line assembly (Part No. 1028532) from the kit. Connect the end of the fuel line to the quick connect fitting located on top of the fuel tank as shown in Figure 1.

4. Attach the other end of the fuel line assembly to the existing connector on the engine (See Fig. 2). Make sure all hardware is tight and all hose clamps are properly located.
Hutchinson/Mayrath

INSTALLATION INSTRUCTIONS

The following instructions are to be used for assistance with the set–up and installation of equipment, accessories, and serviceable parts used on this vehicle and are not meant to replace any operating or safety procedures as outlined in the Operators Manual.

This safety symbol is used throughout these instructions to alert you to information about unsafe actions or situations, and will be followed by the word DANGER, WARNING, or CAUTION. Be Alert! Your safety and the safety of others is involved.

DANGER – indicates immediate hazards that may result in severe injury or death.

WARNING – indicates unsafe actions or situations that may cause severe injury, death and/or major equipment or property damage.

CAUTION – indicates unsafe actions or situations that may cause injury, and/or minor equipment or property damage.

Gas Auger Drive Battery Kit,
Part No. A8269A

Install Battery Support

If the engine belt guard is already attached to the engine mount plate, you will need to remove the guard.

1. Position the battery support bracket (Part No. 1028507) onto the engine mount plate as shown in Figure 3.

   Secure the bracket using the 5/16–18 x 3/4" screws and 5/16–18 nylock nuts provided in the kit (do not tighten).

2. Mount the belt guard at its original location using the two bolts previously installed to secure the battery bracket, (the belt guard will be positioned on the outside of the battery bracket). Tighten all hardware.

The rubber tie down strap will be used to secure the battery after the battery has been properly installed.
