

BULK-FLO™

Bulk-Flo™

Dependable performer for the most severe applications

Rugged & Versatile

The AGI TRAMCO Bulk-Flo™ heavy-duty chain conveyor is built to work in processing applications handling materials that are wet and sticky, vary in size and/or density, and/or are abrasive or corrosive. The unsurpassed quality and construction of the Bulk-Flo conveyor series assures years of dependable service under the most severe conditions.

Each system is individually designed for your specific application. AGI Tramco offers custom design, components and materials.

Standard Head (without cover) showing the double-life walking tooth split sprocket
