THE HIGHEST PERFORMANCE AT THE BEST VALUE!

*Designed & Engineered for Versatility.*
EXCEPTIONAL QUALITY, LASTING PERFORMANCE

The TRAMCO Model G Conveyor is the heavy-duty conveyor designed to handle the most severe applications for many years of trouble-free service. Robot welded jig-fitted parts combined with totally bolted construction ensures precise fit and interchangeability of components. This “total quality process” means you get more value when you choose TRAMCO.

EXTENDED LIFE LINERS & BOTTOMS

Abrasion resistant materials are available for replaceable liners and bottom plates. Liners are designed for close tolerance with smooth faced internals and fit. There is minimal thermal expansion. Abrasion resistant materials from 200 to 500 Brinell (18 to 51 Rockwell C) with thickness from 3/16 gauge (5 mm) to 3/4 inches (19 mm) are available depending upon the application requirements.

*NOTE
Covers have been removed for illustrative purposes only. Do not operate conveyor unless all covers, guards, etc. are in place.
HEAD AND TAIL DESIGNED TO BE MAINTENANCE FRIENDLY... ALL WEAR PARTS ARE EASY TO REPLACE.

1. Hinged relief door for conveyor protection
2. Easily replaceable head carryback (or chain stripper)
3. Double-life working tooth split sprocket - with 6" pitch chain only

TRAMCO... THE WORLD’S MOST COMPLETE LINE OF CHAIN & ENCLOSED BELT CONVEYORS.

TRAMCO conveyors and elevators, “The Quiet Ones” have become the standard of the industry. They are designed, engineered and built for hard work and long life. All models feature non-metallic flights for lower noise levels, minimal maintenance and downtime.

1 TRAMCO BUCKET ELEVATOR
   The Work Horse
   Centrifugal Discharge design used for the bulk handling of free-flowing fine and loose materials with small to medium size lumps. Built-to-last for the toughest requirements.

2 TRAMCO JETBELT™
   Air Supported Belt Conveyor
   An efficient system requiring less horsepower than other systems. Used for dry bulk handling requirements in a variety of products.

3 TRAMROLL™
   Enclosed belt conveyor with innovative features such as; self-reloading and self-cleaning tail section and multiple inlets. The heaviest duty design in the industry.

4 TRAMCO MODEL RB
   Designed for self-cleaning and quiet operation with a u-shaped trough for handling soft stock or materials that are easily crumbled or broken.

6 TRAMCO MODEL G
   Built standard with 10-gauge construction to accommodate large capacities of free-flowing materials. Provides years of trouble-free service under extreme applications.

7 TRAMCO BULK-FLO™
   The heavy-duty chain conveyor designed specifically for processing applications such as; wet and sticky, varying sizes and densities and abrasive or corrosive materials.
A unique combination of design, engineering, proper component selection, manufacturing and service after the sale makes TRAMCO Conveyors the first choice for consulting and supply in bulk material handling situations. TRAMCO delivers product for various industries such as chemical, coal, food and grain, mining, plastic, pulp, rubber and paper, or solid waste and recycling. Buying TRAMCO ensures expertise, knowledge, manufacturing know-how and the comfort that comes with every TRAMCO conveyor.
