

WESTEEL PRODUCT BULLETIN

Product Registration Label

December 18, 2018

Release Details:

- With each grain bin sold, Westeel will be providing a “Product Registration Label” that the end customer should be affixing to their bin.
- Each Product Registration Label will depict a unique serial number, QR code, and text-based instructions that the end customer can follow to register their Westeel bin.
- For any questions on the registration process contact Westeel customer service.
- Registration is easy and can all be done from a customer’s cell phone. Product registration will help Westeel improve our customer service, warranty tracking, and new product frameworks.
- Instructions will also be provided on applying the label.
- See an example of a Product Registration Label below.
