

AGI SURETRACK PLANT MANAGER

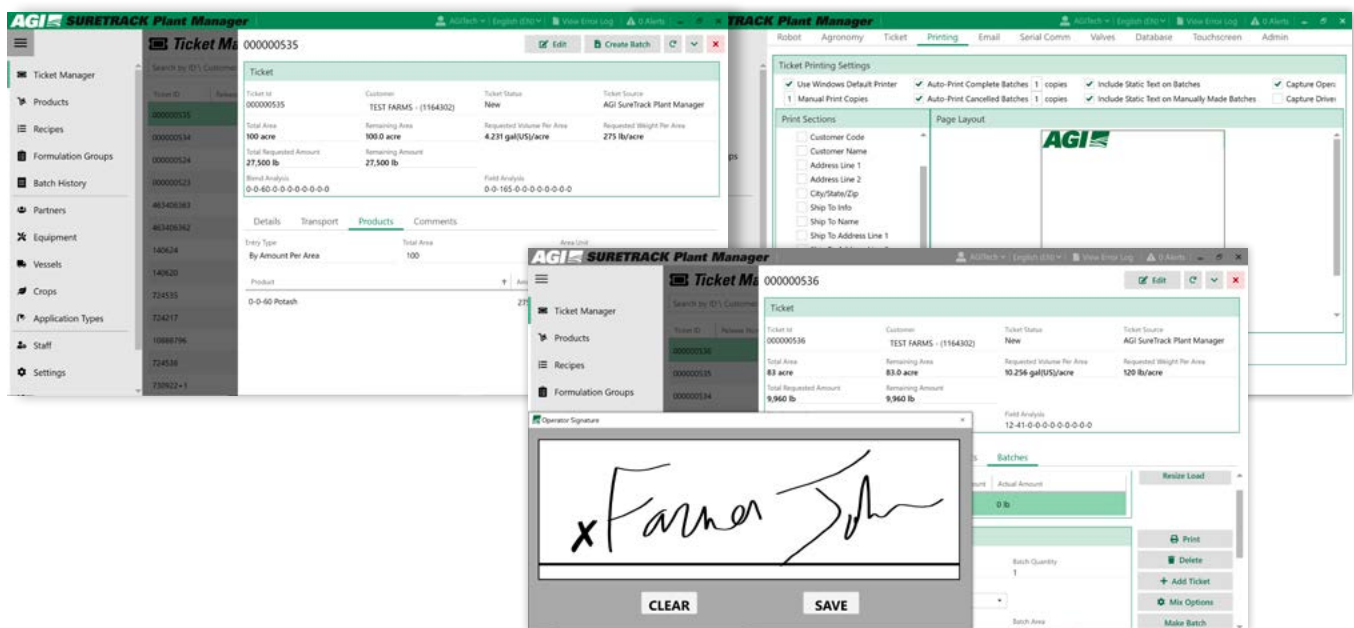

AGI Suretrack PLANT MANAGER

AGI Suretrack Plant Manager is the result of combining 30+ years of fertilizer system automation functionality. By combining the functionalities of Junghe Control and Yargus Manufacturing software suites, we have a unified, comprehensive automation platform that covers all your liquid and dry fertilizer blending needs. Contact your AGI Fertilizer Systems sales representative for more information!

BENEFITS

- Streamlined process for handling VRT loads
- Automated process for implementing software updates
