GROWTH, BY DESIGN.

SAFE HARBOUR STATEMENT

Certain statements contained herein constitute forward-looking statements that reflect our expectations regarding the future growth, results of operations, performance, business prospects, and opportunities of the Company. Forward-looking statements may contain such words as “anticipate”, “believe”, “continue”, “could”, “expects”, “intend”, “plans”, “will” or similar expressions suggesting future conditions or events.

Such forward-looking statements reflect our current beliefs and are based on information currently available to us. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from results discussed in the forward-looking statements, including changes in national and local business conditions, crop yields, crop conditions, seasonality, industry cyclicality, volatility of production costs, commodity prices, foreign exchange rates, and competition. These risks and uncertainties are described under “Risks and Uncertainties” in our Annual Report and our Annual Information Form. Although the forward-looking statements contained herein are based on what we believe to be reasonable assumptions, we cannot assure readers that actual results will be consistent with these forward-looking statements and we undertake no obligation to update such statements except as expressly required by law.
