STEVE RICKLEFS

AGI plant manager at Olds, Alberta

Steve Ricklefs serves as plant manager for AGI Olds in Alberta. As such, he oversees operations for the manufacture of best in class, AGI Westeel fuel storage tanks for agricultural and industrial applications. Tanks come in both single wall or double wall configuration and can be either stationary or mobile.

Ricklefs was promoted to plant manager in 2021. He has served the organization for 10 years in a wide range of roles including production manager, production supervisor, lead hand, and welder.

A native of northwestern Ontario, Ricklefs moved to Alberta in 2007. He and his spouse, Tara, reside near Olds with their 5 children.
